

Professor Maiz Uddin

Principal

Hazrat Shah Ali Mohila College
Mirpur-1, Dhaka-1216.

Message

The founded Principal of Hazrat Shah Ali Mohila College was Mrs. Shirin Akhter who was retired on 29 January, 2011 and then the Assistant professor of Mathematics Sher-E-Alam was in the charge as an Acting Principal. I took the charge as a Principal from Acting Principal Sher-E-Alam on 8 September, 2012 and have been working very skillfully till now.

The aim of modern competitive is to make the learners global citizens and practically skilled and competent for the challenge of the 4th industrial revolution in the global job markets. In the adjustment of the digital global countries, our present government focuses on 'Quality Education' for the sustainable development of the country under the leadership of honorable Prime Minister Sheikh Hasina, the daughter of the founded father of the nation, Bangabandhu Sheikh Mujibur Rahman. As a part of quality education, CEDP Project funded by the World Bank has been working successfully in the educational institutes of Bangladesh led by National University on the guidelines of Ministry of Education, Secondary and Higher Secondary Education Division. Yet, it is a great challenge for the educational institutions like ours to ensure renovative and refurbished adequate classrooms, transport facilities, technological and digital contents, trained and skilled teachers along with sound and friendly teaching-learning environment.

Previously, this institute had fund shortage, inadequate classrooms, lack of infrastructures and technological aids. The salary of the teacher-staff was 44 month dues and the teacher-staff did not get salary regularly. The financial condition of the college was very poor. The previous fixed deposit was 1.5 lacs. The provident fund was not on the basis of rules and regulations of division of secondary and higher education, education board of Dhaka. Presently, this institute is gradually overcoming these impediments and marches on the upright development under the proper guidance and management of the College Governing Body. The institution has enriched fund, adequate classrooms, along with renovation and refurbishment of 8 classrooms, well-equipped furniture, renovative library as well as digital contents. The teacher-staff's salary is being paid regularly. The present fixed deposit is about 5 crores.

Quality education is a must in the modern competitive world. According to Bayre, "Quality in education is an evaluation of education of the process of education which influences the need to achieve and develop the talents of the customers of the process." Quality education is a prerequisite for sustainable development(UNESCO). Quality in education is a piece of diamond (Rabindranath Tagore) Thinking the necessity of quality education, our aim is to make the learners practical, patriotic, moralist, religious, honest and benevolent and skilled for employment, job and entrepreneurship by providing international standard education. Our motto is also to make the learners knowledgeable in the field of education, liberation war and language movement and then they will engage themselves for the welfare of humanity in the world. Moreover, our effortful focus is going to be given on in-house training programs for teachers, implementation of digital contents in classrooms practices as well as sound and friendly teaching-learning environment with a view to ensuring quality education.

I hope that our college will contribute greatly to build a smart Bangladesh in the formation of smart citizens.
