**Vice- Principal (Acting)**  
Hazrat Shah Ali Mohila College  
Mirpur-1, Dhaka-1216.

### **Message**

Education is a light to which everybody has the equal right. Allah has created both man and woman equally without drawing any distinction between them and so education should be universal with no difference of opinion regarding imparting education to woman. In order to have good citizens, female education is a must because a good mother can produce a good citizen. Our prophet Hazrat Mohammad (S) has made education compulsory for both man and woman. Once Napoleon said, “Give me an educated mother and I will give you a good citizen.” Thinking the importance of female education, Hazrat Shah Ali Mohila College was established at the heart of Mirpur in the city of Dhaka in 1991.

Our main objective is to make our learners skilled, practical, strategic, realistic, patriotic supportable and loveable for the welfare of country and countrymen. Another objective is to ensure learner centred classroom through some teaching-learning strategies-discussion method, question answer method, project method, problem solving method, seminar method, debate method, role play method, interview method, mind mapping and quiz method.

I am very thankful to those who have been working sincerely and cordially to upgrade this institution gradually.
